[Solver For Mac](#)

The screenshot shows the homepage of FrontlineSolvers. At the top, there's a navigation bar with links for Products, Examples, Support, Pricing, Download, and Order. The main heading is "FrontlineSolvers" with a subtitle "Developers of the Excel Solver". Below the header, a prominent message reads "Welcome Mac Users - Get Solver for Excel 2011". Underneath, it says "Solver for Excel 2008 is Still Available Here". A paragraph explains that Frontline Systems has been working with Microsoft's Mac Business Unit to bring a faster, easier-to-use, and more powerful Solver. It mentions that if you have Excel 2011 installed, you can [download and install it](#). Another paragraph states that Solver is substantially improved and remains free and 100% compatible with existing Solver models. It also notes that Solver for Excel 2008 is still available. A final note encourages users of Excel 2008 to upgrade to Excel 2011 for better performance.
